

Figure PPS-5

Perceived knowledge about science, by country: 2018

n = number of survey responses.

Note(s):

Percentages may not add to 100% because of rounding. See Table SPPS-15 for standard errors. Countries are those with top 16 gross domestic expenditures on R&D as a percentage of gross domestic product in 2017, listed in order of percentages that perceive knowing "a lot" about science from highest to lowest. (See *Science and Engineering Indicators 2020* "[2020] Research and Development: U.S. Trends and International Comparisons" report: Table 4-5.) Responses are to the following: *How much do you, personally, know about science? Do you know a lot, some, not much, or nothing at all?*
