

Figure KTI-14

Exports, imports, and trade balance of KTI services for the United States: 2006–21

KTI = knowledge and technology intensive.

Note(s):

These data are not reported by industry but by type of service. This figure reports data on U.S. trade in services for the following KTI-related services: cloud computing and data storage services; database and other information services; computer software, including end-user licenses and customization; R&D services and licenses for reproduction or distribution of computer software and use of R&D outcomes; engineering services; and scientific and other technical services.
