

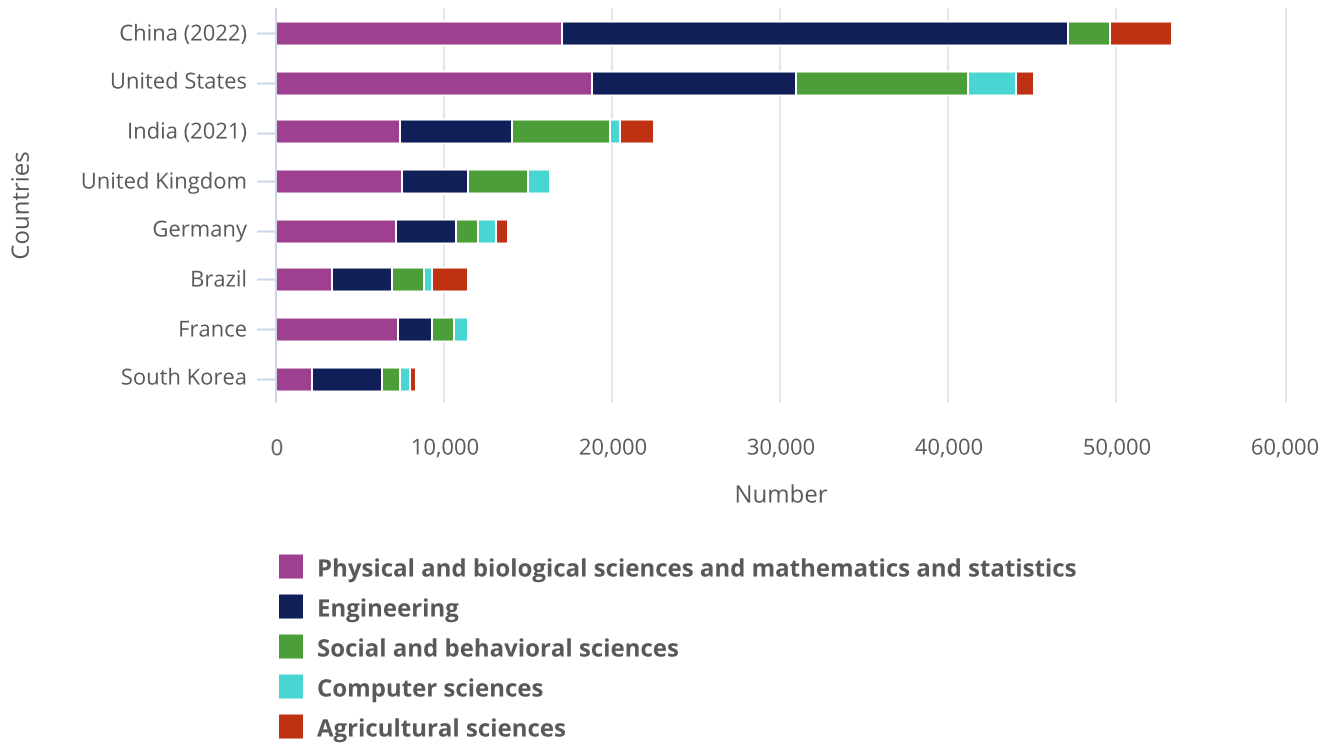

Figure 18. S&E doctoral degrees awarded, by field and selected country: 2023

Note(s):

Computer sciences is included under engineering for China. The latest year of data available is 2022 for China and 2021 for India. To facilitate international comparison, data for the United States are those reported to the Organisation for Economic Co-operation and Development, which vary from the National Center for Science and Engineering Statistics classification of fields presented in other sections of the report.
