

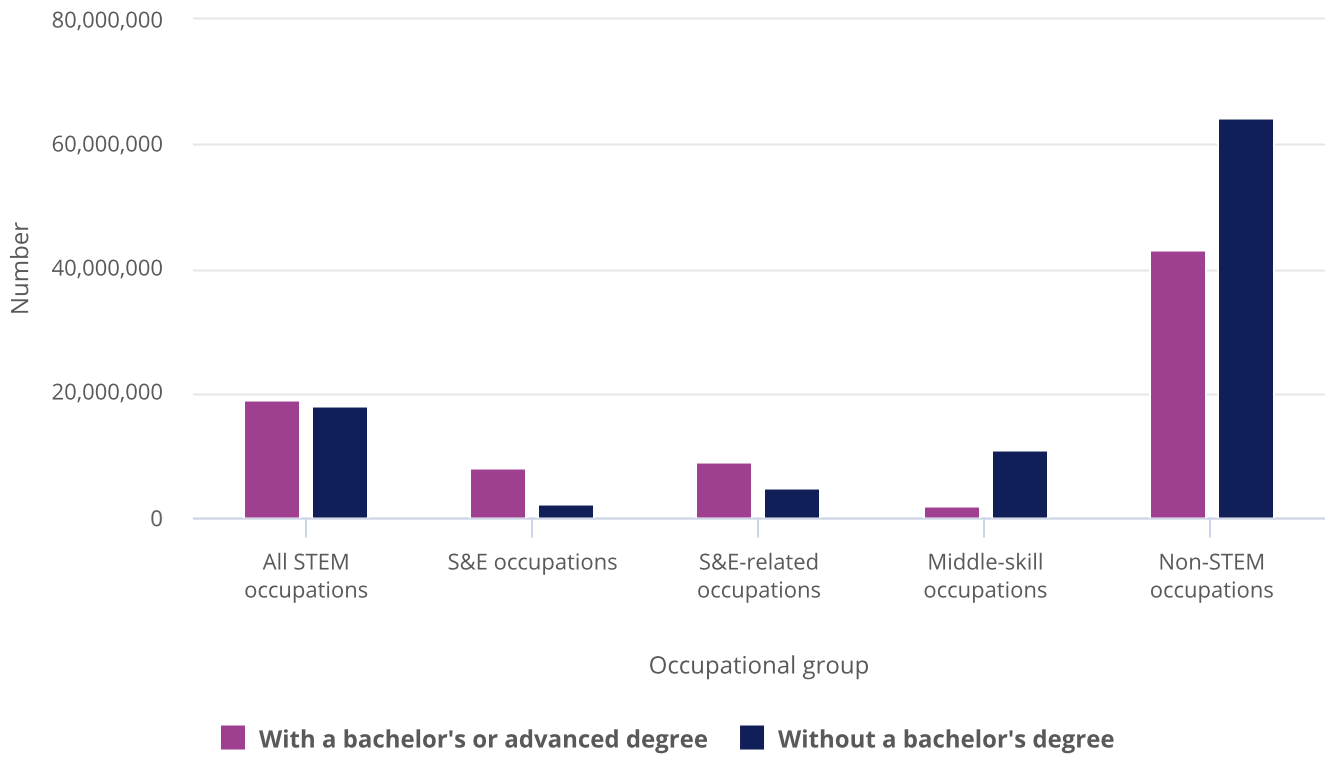

Figure 19. U.S. workforce, by occupational group and education level: 2024

Note(s):

STEM is science, technology, engineering, and mathematics. Data include the employed, civilian, noninstitutionalized population ages 25–75 not currently in primary or secondary school. Missing occupations and those who have not worked in the past 5 years or have never worked are not included in the data. STEM includes S&E, S&E-related, and STEM middle-skill occupations.
