San Joaquin Delta C.	160
Other institutions	20,633

S&E = science and engineering.

^a Hispanic or Latino may be any race.

^b In 2011, the survey required institutions to begin reporting information on more than one race, along with information in the other racial and ethnic categories, but institutions were not required to update the race and ethnicity data of individuals who were already in the system. Therefore, the number reported for more than one race for the early years following 2011 is likely to be an undercount.

Note(s)

TABLE 4-5

Top academic institutions awarding associate's degrees in S&E, S&E technologies, and interdisciplinary or other science fields, by race or ethnicity of minority graduates: 2012–16

(Number)

S&E technologies includes science, engineering, health, and other S&E technologies. Institutions awarding the same number of degrees are listed alphabetically. Data are based on degree-granting institutions eligible to participate in Title IV federal financial aid programs and do not match previously published data that were based on accredited higher education institutions.
