<sup>a</sup> The FY 2018 data are official estimates reflecting continuing resolution funding for FY 2018 and not the enacted omnibus spending bill for that year (Consolidated Appropriations Act, 2018, signed 23 March 2018). Most federal agencies did not prepare R&D estimates for FY 2018 based on the final spending figures in the omnibus.

<sup>b</sup> Along with the regular budget request, the Administration issued an addendum adding \$75 billion to the total of nondefense spending in FY 2019, distributed among several agencies (but not all for increased R&D spending). The additional sums for R&D are reflected in the data above.

<sup>c</sup> Includes Bureau of Land Management, Office of Surface Mining Reclamation and Enforcement, Fish and Wildlife Service, Bureau of Ocean Energy Management, Bureau of Safety and Environmental Enforcement, and Wildland Fire Management.

<sup>d</sup> The National Park Service received an additional \$271 million in discretionary spending in the Administration's addendum to the FY 2019 request. The FY 2019 data above do reflect this additional funding.

<sup>e</sup> While not reflected in the data displayed above, the overall National Oceanic and Atmospheric Administration budget was increased by approximately 4% in the FY 2018 omnibus; the Office of Oceanic and Atmospheric Research budget was increased by approximately 7%.

<sup>f</sup> While not reflected in the data displayed above, the U.S. Geological Survey budget was increased by approximately 6% in the FY 2018 omnibus. <sup>g</sup> Renamed from "Climate and Land Use Change."
