$D=$ suppressed for data confidentiality reasons. $S=$ suppressed for reliability; coefficient of variation exceeds publication standards.
S\&E = science and engineering.
${ }^{\text {a }}$ All degrees includes professional degrees, which are not shown separately.
${ }^{\mathrm{b}}$ S\&E occupations include S\&E postsecondary teachers.
${ }^{\text {c }}$ S\&E-related occupations include health-related occupations (e.g., diagnosing practitioners, registered nurses, and postsecondary teachers in health and related sciences), S\&E managers, S\&E precollege teachers, S\&E technicians and technologists, and other S\&E-related occupations.
${ }^{\mathrm{d}}$ Non-S\&E occupations do not include S\&E-related occupations.

## Note(s):

Salaries are rounded to nearest $\$ 1,000$. Scientists and engineers are individuals under the age of 76 who have a bachelor's or higher degree, are living in the United States, and have an S\&E or S\&E-related degree or occupation.
