

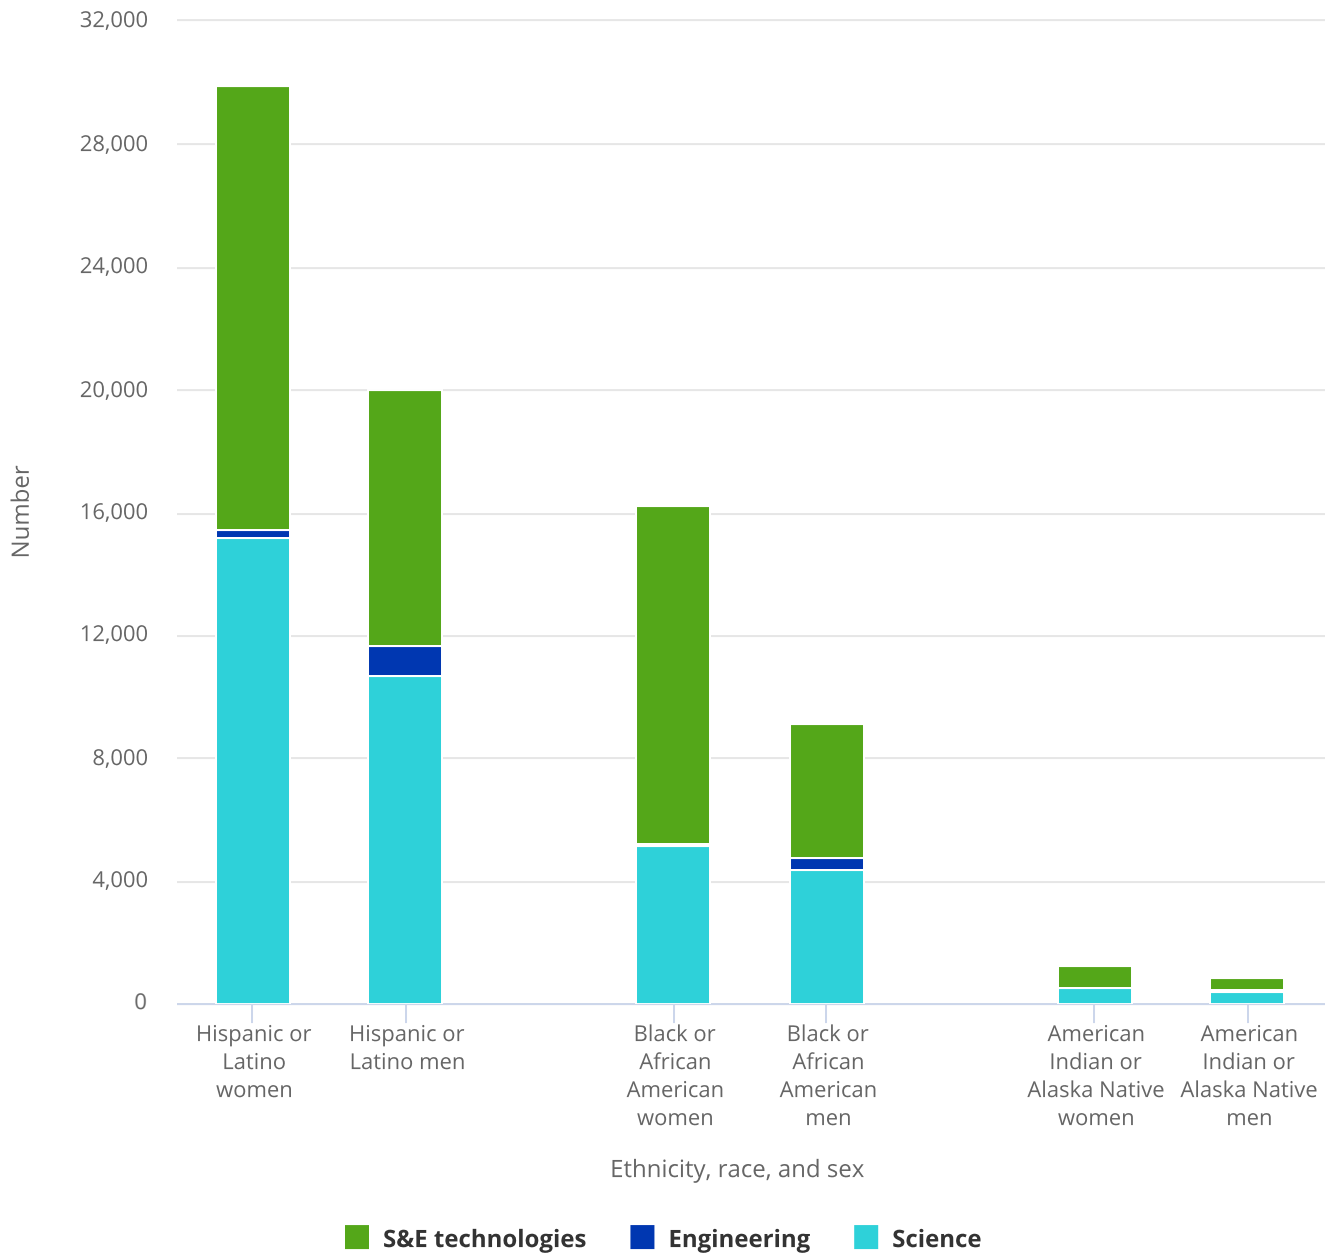

Figure 22

Associate's degrees in science, engineering, and S&E technologies, by sex, ethnicity, and selected race: 2018

S&E = science and engineering.

Note(s):

S&E technologies includes science, engineering, health, and other S&E technologies that prepare students for skilled technical jobs. Race and ethnicity breakouts are for U.S. citizens and permanent residents only. Hispanic or Latino may be any race; race categories exclude Hispanic origin. Data are based on degree-granting institutions eligible to participate in Title IV federal financial aid programs.
