State government expenditures for R&D funded from federal sources, by federal agency: FY 2020

All other federal agencies includes the Departments of Education, Housing and Urban Development, Homeland Security, Justice, Labor, State, Treasury, and Veterans Affairs; National Aeronautics and Space Administration; National Science Foundation; Environmental Protection Agency; and others.

Note(s):

State R&D totals can display considerable volatility between survey years due to several national and state-specific factors. Large changes are not unusual, especially for discretionary spending items such as R&D. Detail may not add to total because of rounding.
