

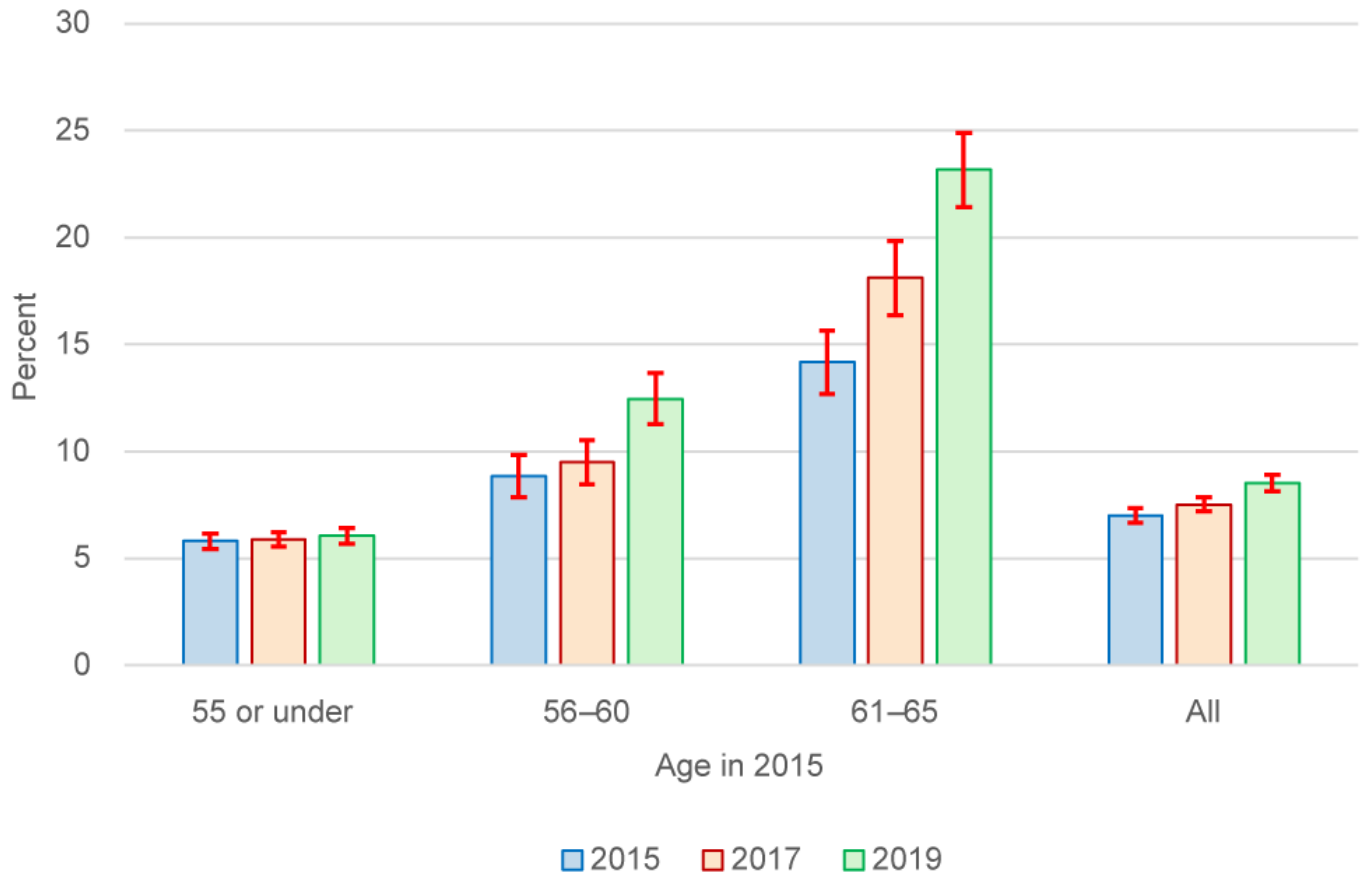

Figure 3

Proportion of doctorate holders employed part time, by age group: 2015–19

Note(s):

Percentage of part-time employment is calculated among those employed during all three survey reference periods (2015, 2017, 2019). Part-time employment is defined as working fewer than 35 hours per week on the principal job. Error bars indicate the 95% confidence interval of the part-time employment rate.
