D = suppressed to avoid disclosure of confidential information. S = suppressed for reliability; coefficient of variation exceeds publication standards.

S&E = science and engineering; SE = standard error.

^a Administration includes accounting, finance, contracts, and human resources.

^b R&D includes basic research, applied research, and experimental development.

^c Includes production, operations, maintenance, and other activities not broken out separately.

Note(s):

Median annual salaries are for principal job and are rounded to nearest \$1,000. Standard errors are rounded up to the nearest \$500. Full time is based on working 35 or more hours per week. Primary and secondary work activities were self-described by respondent in response to the question: "On which two activities...did you work the most hours during a typical week on this job?". Residence location is based on reported living location on 1 February 2021.
