Undistributed <sup>c</sup>	1,985 i	56 i

i = more than 50% of the estimate is a combination of imputation and reweighting to account for nonresponse.

<sup>a</sup> Puerto Rico is not included in the U.S. total due to its classification as a U.S. territory.

<sup>b</sup> Other Western Hemisphere is defined as Argentina, Brazil, Chile, Mexico, and other Latin America.

<sup>c</sup> Includes data reported that were not allocated to a specific country.

**Note(s):**

Detail may not add to total because of rounding. Beginning in survey year 2018, statistics are representative of companies located in the United States that performed or funded \$50,000 or more of R&D. No systematic item imputation was applied. These statistics include an adjustment to the weight to account for unit nonresponse.
