

Figure 6

Doctorates earned by U.S. citizen and permanent resident minority groups underrepresented in S&E, by field: 2002–22

S&E = science and engineering.

Note(s):

Excludes U.S. citizen and permanent resident respondents who did not report race or ethnicity. Counts of unreported race or ethnicity fluctuated between 434 and 982. Beginning in 2021, a modified version of the 2020 Classification of Instructional Programs (CIP) codes was used in the survey data collection; the historical fields were constructed using the Survey of Earned Doctorates (SED)-CIP code crosswalk in table A-6. The survey data collection for field of study changed in 2021, which may affect the data comparability across years. For more information, see the “Data source” section.
