^a This table includes a small amount of expenditures that originated from the Departments of Agriculture, Defense, and Health and Human Services and the National Aeronautics and Space Administration that are explicitly included in Question 9. These expenditures were submitted by four institutions that did not move those expenditures to Question 9 before survey close.

^b Some funding sources were not identified for security reasons or because the original source was not known.

Note(s):

This table includes only institutions reporting \$1 million or more in total R&D expenditures in FY 2021. Institutions reporting less than \$1 million in total R&D expenditures in FY 2021 completed a shorter version of the survey form in FY 2022 that did not include this question.
