

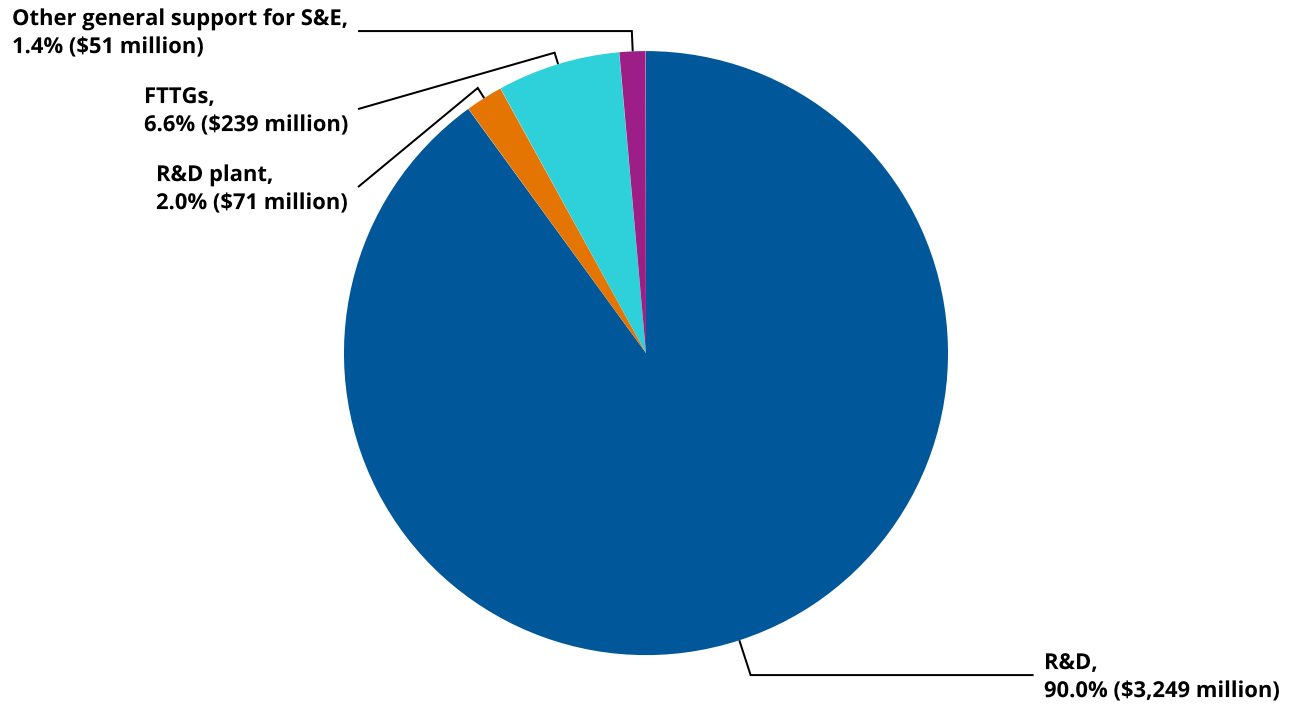

Figure 2

Federal obligations for science and engineering to high-Hispanic-enrollment institutions, by type of activity: FY 2022

FTTGs = fellowships, traineeships, and training grants; S&E = science and engineering.

Note(s):

Detail may not add to total because of rounding. Zeros and positive amounts that round to zero are not displayed in this chart. Percentages are based on unrounded data available in the detailed statistical tables. This list of high-Hispanic-enrollment institutions includes those institutions of higher education whose full-time equivalent (FTE) enrollment of undergraduate students is at least 25% Hispanic, according to fall 2022 enrollment data self-reported by the institutions in the Integrated Postsecondary Education Data System survey conducted by the National Center for Education Statistics (NCES). NCES determined FTE enrollment by calculating that approximately three part-time students are equivalent to one full-time student.
