* = value > 0 but < 50,000 net assignable square feet. na = not applicable; see notes below.

S&E = science and engineering.

^a Medical school space is listed separately and is also included in individual field totals.**Note(s):**

In FY 2015, "Agricultural sciences and natural resources sciences" was split into "Agricultural sciences" and "Natural resources and conservation." Prior to FY 2015, data for "Natural resources and conservation" are included in "Agricultural sciences." Details may not add to totals due to rounding.
