

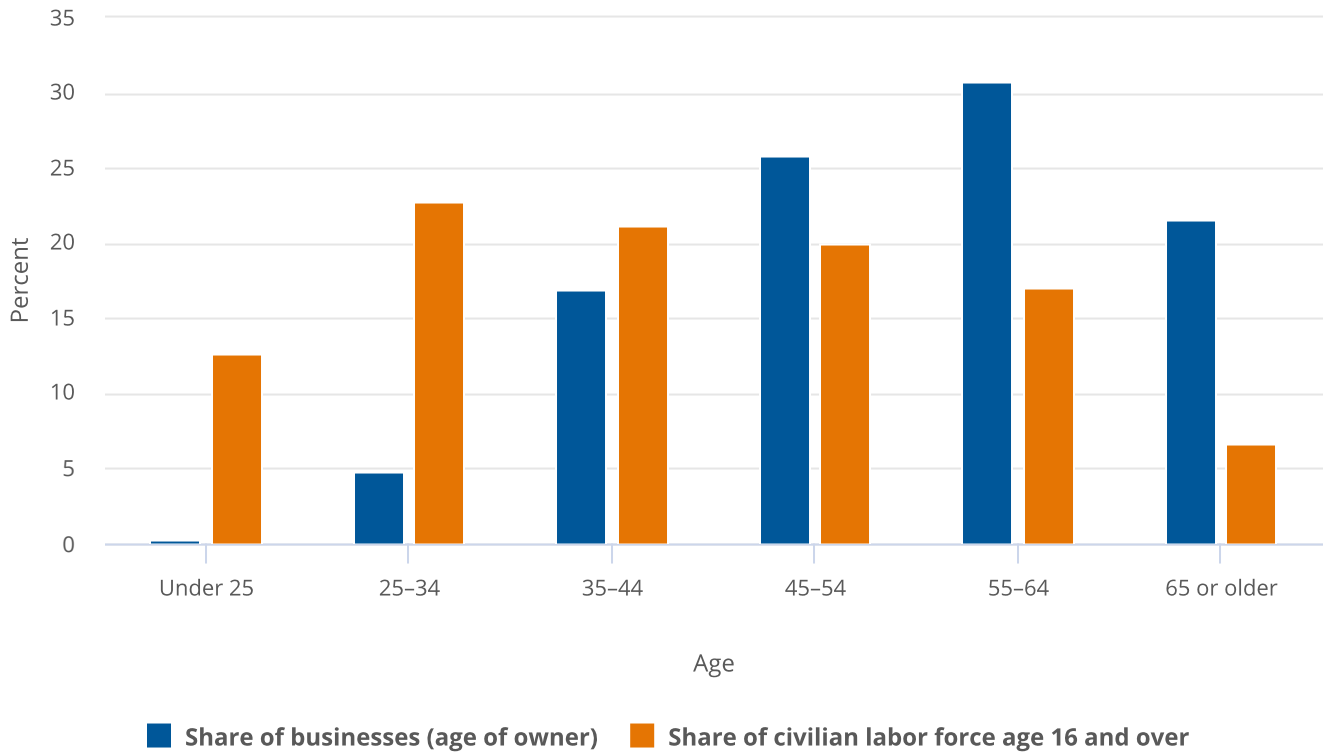

Figure 2. Businesses, by age of owner and share of labor force by age cohort: 2020

Note(s):

Share of businesses are representative of companies located in the United States for which age of owner is available. This information is not available for approximately 19% of businesses, and these businesses may have a different distribution by age of owner than that shown here. Companies are classified according to owner demographics if persons with that demographic characteristic own more than a 50% stake in the company.
