D = suppressed to avoid disclosure of confidential information.

^a Total includes doctorate recipients who did not report citizenship status.

^b Percentages are based on the number of doctorate recipients reporting a primary source of financial support during graduate school.

^c Research or other assistantships or traineeships includes research assistantships, other assistantships, traineeships, internships, or clinical residencies.

^d A bachelor's and doctoral degree are considered to be in the same field if doctorate recipient's first or most recent bachelor's degree is in the same broad field as their doctoral degree.

^e Not married includes never married, separated, divorced, or widowed.

^f Time to doctorate from doctoral program start is based on master's degree entry if the master's degree was at the same institution in the same field of study or was a prerequisite to the doctorate; otherwise, it is based on doctoral program entry.

Note(s):

U.S. citizen refers to U.S. citizens and permanent residents. Non-U.S. citizen refers to temporary visa holders. Due to rounding, percentages may not sum to 100.
