HBCUs = historically Black colleges and universities; S&E = science and engineering.

^a Data exclude obligations for the university's foundation or auxiliary organization or some campuses or branches that are not HBCU institutions.

Note(s):
Detail may not add to total because of rounding. Institution order is based on total actual dollars received before amounts are rounded. Amounts for institutions in this table exclude obligations for the university's foundation or auxiliary organization or some campuses or branches as those are not HBCU institutions and therefore the federal obligations presented in this table for some institutions may differ from those presented for these same institutions in all other tables not exclusive to the list of HBCU institutions.
