i = imputed.

DOD = Department of Defense; nec = not elsewhere classified; S&E = science and engineering.

[a] Johns Hopkins University includes the Applied Physics Laboratory, with $1,931,138 thousand in R&D expenditures financed by DOD in FY 2025.
[b] The University of Texas, Tyler includes expenditures from the University of Texas, Tyler and the University of Texas Health Science Center at Tyler due to the consolidation of the two campuses on 4 January 2021. Prior to FY 2025, both campuses reported to the survey as separate institutions.

Note(s):
Institutions reporting zero expenditures in these fields for FY 2025 are not listed in this table. Tied institutions are ranked alphabetically. Ranked institutions are geographically separate campuses headed by a campus-level president or chancellor. Some campuses are part of large, multi-campus universities; some are part of state university systems. For a complete list of campuses that belong to a larger university or system and their aggregate R&D expenditures, see table 5.
