

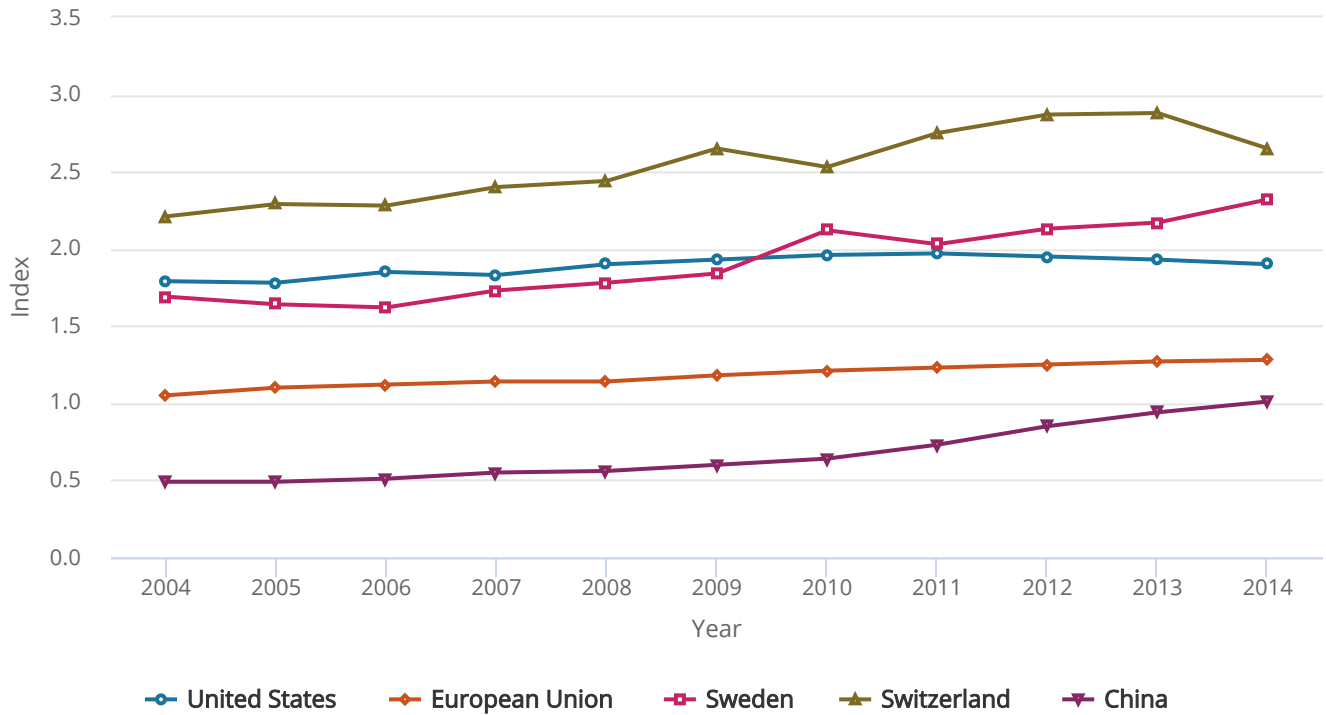

FIGURE D3-C

S&E publication output in the top 1% of cited publications, by selected region, country, or economy: 2004–14

Note(s)

An index of 1.00 indicates that articles are cited at their expected level. An index of 2.00 indicates that articles are cited at twice their expected level.

Indicators 2018: S&E Publication Output, Chapter 5.
