

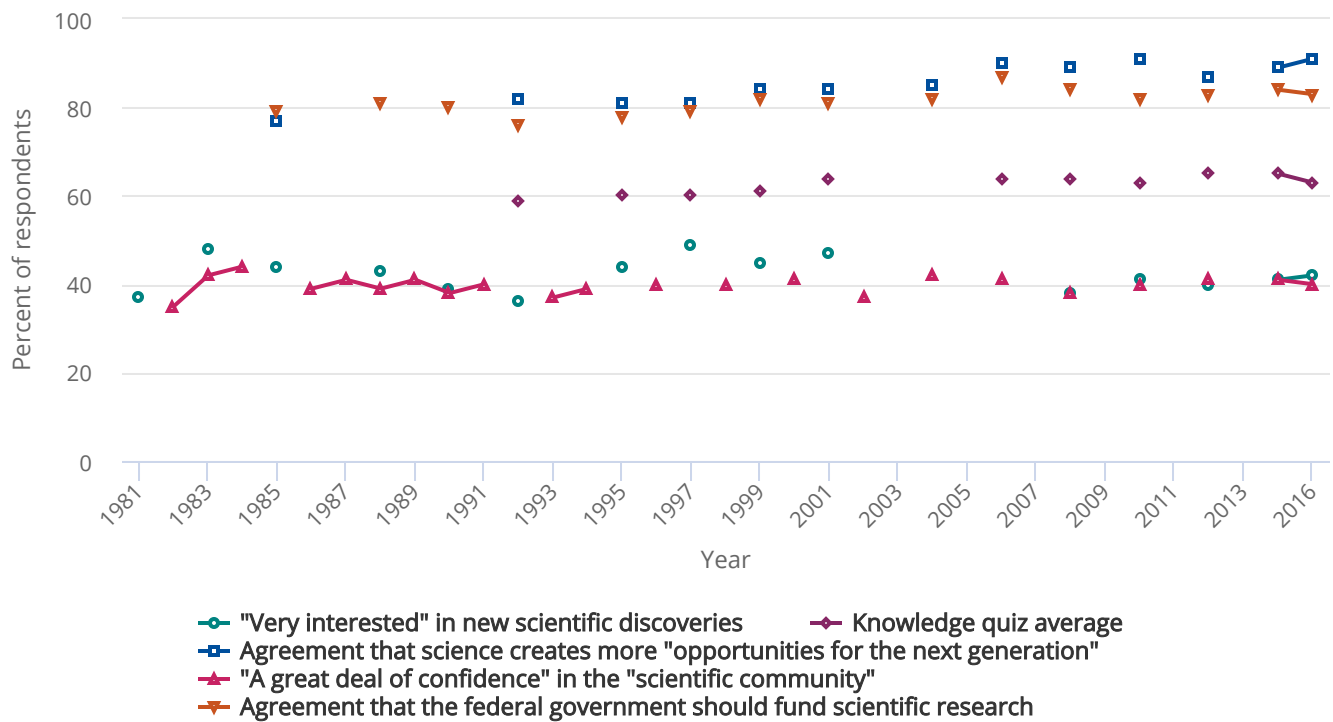

FIGURE 7-1

Key science and engineering knowledge and attitude indicators: 1981–2016

Note(s)

Data are not available for all knowledge and attitude indicators for all years. Includes the responses "strongly agree" and "agree" to the following statements: *Agreement that science creates more "opportunities for the next generation"* and *Agreement that the federal government should fund scientific research*. Data present the percentage of respondents who expressed a particular view, except in the case of the knowledge quiz average, which shows the estimated average percent of correct answers in each year.
