* = < 0.5% responded.

^a For science and mathematics education, "low" equates to five or fewer high school and college science or mathematics courses, "middle" is six through eight courses, and "high" means nine or more courses. Categories do not add to total *n* because "don't know" responses and refusals to respond are not shown.

^b Categories do not add to total *n* because "don't know" responses and refusals to respond are not shown.

^c See notes to Appendix Table 7-2 for an explanation of the trend factual knowledge of science scale.

Note(s)

Responses to *Science makes our way of life change too fast*. Percentages may not add to 100% because of rounding.
