### Salaries of teachers in developed countries relative to earnings for tertiary educated workers: 2014

**Note(s)**

Education level defined by United Nations Educational, Scientific and Cultural Organization's *International Standard Classification of Education*, 2011. Lower secondary corresponds to junior high school or middle school in the United States. Thirty-two Organisation for Economic Co-operation and Development countries are defined as developed according to the International Monetary Fund's "advanced economy" classification. Of these, the data here reflect 23 developed countries for which data were available.
